ASHLEY COLLECTION

Ashley Collection semi-custom wood carriage doors are milled from beautiful, kiln dried Spanish cedar, a tropical hardwood Mahogany from Central and South America. It is known for its exceptional weathering, staining and painting characteristics.

These doors feature stile and rail joinery that is milled in our factory from raw imported lumber. The freshly milled components are hand selected and expertly assembled by our craftsmen. These semi-custom doors are a more economical way to have a beautiful hand-crafted garage door without the expense of a full custom door.

Ashley Collection doors are built for excellent durability in harsh weather conditions.

ADVANTAGES

- Clear, Solid, Non-finger Jointed Lumber
- Stain Grade Doors Feature Clear Spanish Cedar Stiles, Rails & Panels
- Paint Grade Doors Feature Clear Spanish Cedar Stiles, Rails & Extremely Durable Marine Grade Plywood Panels
- Furniture Grade Quality

HEMLOCK SERIES

Our Hemlock Series combines the beauty of traditional wood panel doors with distinctive styling. Hemlock doors provide exceptional value for customers looking for wood doors without the cost of custom wood doors. Doors can be milled from finger-jointed lumber for paint grade doors or clear lumber for stain grade doors. Panels can be fabricated from exterior hardwood plywood for paint grade doors and solid edge glued Hemlock panels for stain grade doors. Windows are true-divided, double strength single pane glass.

Support Local Manufacturing 😊

We are a local manufacturer. Our doors are manufactured in our own facility in Bridgeport, CT. The majority of the raw materials for our doors are sourced from other local companies. Most door dealers bring in doors from national manufacturers in the Midwest or West Coast effectively sending 70% of the money out of our local economy.
